---

Date of Incorporation:	June 30, 2005
Location:	3229 Durfee Ave. El Monte, CA 91732
Building Size:	5000 ft <sup>2</sup>
Web site:	<a href="http://www.skyscraperbrewing.com">http://www.skyscraperbrewing.com</a>
First Brew:	December 14, 2006
Open to Public:	January 20, 2007
Bottles First Available:	July 3, 2007

Maximum Annual Capacity:	1560 barrels (48,360 gallons)
Brewhouse Capacity:	15 barrels (465 gallons)
Fermentor Capacity:	30 barrels (930 gallons)
Cold Storage Area:	400 ft <sup>2</sup>

Distribution: Southern California

Beers Produced:

### **Bulldozer Honeyweizen**

An unfiltered American Wheat Ale, brewed with Wildflower Honey. Subtle notes of banana and clove in the aroma. The flavor combines wheat and barley maltiness, balanced by a light, spicy hop flavor. Finishes crisp, without being overly sweet. ABV: 5.0% IBU: 25

### **Lug Nut Lager**

An Amber Lager in the California Common style. Citrus hop aroma. Strong malt flavor with hints of caramel. Strong but balanced hop flavor and bitterness. ABV: 5.2% IBU: 40

### **Winter Warmer Ale (Seasonal)**

A red ale, brewed with Wildflower Honey, Nutmeg, Cinnamon, and Cloves. Great for pairing with holiday dishes!  
6.1% ABV

Philip Sutton leads the company as an award-winning homebrewer and experienced craft brewer. With a background in Engineering (B.S. Caltech 1997, M.S. University of Utah 1999), Philip worked as a software developer for five years before deciding to pursue his dream of

brewing beer professionally. He attended the American Brewers Guild program in 2004, which led to the Head Brewer position at the BJ's Brewery in Brea, CA. He founded Skyscraper Brewing Company a year later with the goal of becoming the premier microbrewery in the Los Angeles area.
